- **High Brightness - 2200 ANSI lumens**
- **HDTV— 480p, 720p & 1080i Compatible**
- **Auto Brightness Adjustment**
- **Built-in 3D Comb Filter**
- **High Contrast**

The MEGAPOWER ML-176 is designed for high performance but at budget price. ML-176 gives you 2200 lumens of SVGA (800 x 600) resolution. It is HDTV ready and offers auto brightness adjustment to give you the best image. The Built-in 3D Comb Filter which is usually found only in higher-end models, improves video quality significantly. It is ideal for home or education applications.

Brightness, high quality video, outstanding computer resolutions, and great pricing are what make MEGAPOWER your choice for projection.
