

HIGH BRIGHTNESS 1080P DLP PROJECTOR

- High Brightness 800 Ansi Lumens and 1080p Resolution.
- Supports 3D and 150" Screen Size
- Android 9.0 OS, Wifi and Bluetooth
- Auto-Focus and Auto Keystone Correction

This elegant DLP Projector uses the latest 0.33" DMD from Texas Instruments and projects sharp, colorful images with 1920 x 1080 resolution details. It is equipped with Android 9.0 OS and allows installation of additional Apps for full usage and enjoyment. It delivers a high brightness 800ANSI lumens image with highly saturated color, thanks to the BrilliantColor Technology from Texas Instruments. Two 5W speakers are built into the unit to give superb high quality sound output. A 2K or 4K Video can be brought onto a 150-inch Screen for your Home Theatre enjoyment. Thanks to the Auto-Focus and Auto Keystone Correction feature, you can sit back and relax. Full connectivity means you can connect your PC, Smartphone, Laptop, Camera, TV box to the projector. It is your perfect companion for Work and Play.
