

MEGAPOWER

Ultimate Wireless Laser Presenter with Laser Pointer – Seamless Control, Interactive Writing & Precise Highlighting Model: MP1974

Powered by Rechargeable battery

Writing tip of high-tech material

Bluetooth working up to 50 m without USB Receiver

USB Receiver securely stored preventing accidental loss

Laser Pointer for Precise Highlighting

Elevate your presentations with our all-in-one wireless presenter, combining versatile control, interactive writing, and precise highlighting. Easily connect via Bluetooth or 2.4G to control PowerPoint slides, including page navigation and volume control—ensuring a smooth and engaging delivery. The built-in laser pointer allows you to effortlessly highlight key content from a distance, making your message crystal clear. The integrated pen tip enables writing on touch interactive screens for added interactivity. Powered by a rechargeable lithium battery with an on-device battery indicator, this sleek device keeps you ready at all times. Perfect for professionals seeking reliability, flexibility, and impactful presentations.
