

MEGAPOWER

DUAL USB WIRELESS LASER PRESENTER

MODEL: MP1971

- **Laser Pointer with Wireless Presenter**
- **Dual USB Compatibility, USB A or USB C**
- **Plug and Play, no software required**
- **2.4G Wireless allows control of Microsoft Powerpoint or Word from 30 meters**

This USB Wireless presenter is a great tool for professional presentation with Microsoft Powerpoint. You no longer need to stay next to your computer for clicking the keys while making presentation or have an addition person click the slides for you. The page up & down and volume +/- function expands the control of your PC for more versatile operation. The USB-C connector can be used in PC equipped with USB-C port as well as iPad. Move around the room, engage your audience, and deliver your message stress-free, untethered from your laptop.
